NAVIGATION AND PRINTING

The printed contents links to every office and election cycle. The PDF outline continues through state and individual district or statewide race. Race blocks run continuously instead of forcing one state or contest onto its own page. Every candidate record retained in the archive appears with party, votes, share, and incumbent status when available.

Special-election records remain winner-level when the underlying archive contains no complete candidate tally. A dash means unavailable, not zero. Provisional or uncalled contests are labeled and are not converted into certified outcomes.

Administration term: 2021-01-20 through 2025-01-20. Archive snapshot: 2026-11-08T17:05:04.601Z.

Administration Analysis

The administration was elected in a record-turnout pandemic election, governed through a narrowly divided Congress, lost the House but expanded its Senate majority in the 2022 midterm, and ended with a 2024 Republican presidential and congressional return to unified control.

ELECTION	PRESIDENT	HOUSE AFTER ELECTION	SENATE AFTER ELECTION
2020	Democratic	D 222 - R 213	50-50; Democratic control through the vice president
2022	Democratic	R 222 - D 213	D/I 51 - R 49
2024	Republican	R 220 - D 215	R 53 - D/I 47

2020 ELECTION ENVIRONMENT

COVID-19, recession, racial-justice protests, record mail voting, and the incumbent president's handling of the pandemic defined the environment. Biden defeated Trump nationally and in the Electoral College; Democrats retained a reduced House majority and won effective Senate control only after the Georgia runoffs.

OFFICE	RACES	D WON	R WON	OTHER/U	D VOTE	R VOTE	MARGIN	UNDER 5
HOUSE	435	222	213	0	50.76%	47.77%	+2.99 D	39
SENATE	33	13	19	1	47.09%	49.19%	-2.11 D	3

2022 ELECTION ENVIRONMENT

The first post-Dobbs federal election combined high inflation and presidential disapproval with abortion-rights mobilization. Republicans gained the House by a historically small margin for an opposition party in a midterm, while Democrats gained a Senate seat. New post-census district lines make direct district-number comparisons with 2020 hazardous.

OFFICE	RACES	D WON	R WON	OTHER/U	D VOTE	R VOTE	MARGIN	UNDER 5
HOUSE	435	212	222	1	47.64%	50.47%	-2.83 D	37
SENATE	33	12	18	3	44.49%	48.65%	-4.16 D	7

2024 ELECTION ENVIRONMENT

Biden withdrew after the primary season and Kamala Harris became the Democratic nominee. Trump returned to the White House, won the national popular vote and 312 electoral votes, and Republicans won the Senate while retaining a narrow House majority.

OFFICE	RACES	D WON	R WON	OTHER/U	D VOTE	R VOTE	MARGIN	UNDER 5
HOUSE	435	215	220	0	47.81%	50.55%	-2.73 D	38
SENATE	33	17	14	2	49.30%	47.95%	+1.35 D	6

SPECIAL-ELECTION REGISTER

The special-election insert tracks the first federal electoral tests of Trump's second term. None of the completed contests in the insert changed party control, but several produced large shifts from the prior presidential or House baseline and repeatedly tested the governing party's narrow House margin.

COVID-19, recession, racial-justice protests, record mail voting, and the incumbent president's handling of the pandemic defined the environment. Biden defeated Trump nationally and in the Electoral College; Democrats retained a reduced House majority and won effective Senate control only after the Georgia runoffs.

The first post-Dobbs federal election combined high inflation and presidential disapproval with abortion-rights mobilization. Republicans gained the House by a historically small margin for an opposition party in a midterm, while Democrats gained a Senate seat. New post-census district lines make direct district-number comparisons with 2020 hazardous.

COVID-19, recession, racial-justice protests, record mail voting, and the incumbent president's handling of the pandemic defined the environment. Biden defeated Trump nationally and in the Electoral College; Democrats retained a reduced House majority and won effective Senate control only after the Georgia runoffs.

The first post-Dobbs federal election combined high inflation and presidential disapproval with abortion-rights mobilization. Republicans gained the House by a historically small margin for an opposition party in a midterm, while Democrats gained a Senate seat. New post-census district lines make direct district-number comparisons with 2020 hazardous.

Methodology and Sources

METHOD. Regular contests are grouped by office, cycle, state, and district. Every candidate object in the archive is rendered. Vote and percentage fields are printed only when present. Presidential electoral allocations, special circumstances, certification status, incumbency flags, and prior-cycle comparisons are retained where available. The dense layout removes forced state page breaks but does not remove race data.

KNOWN LIMITS

- Congressional candidate ballot lines are collapsed to one candidate total; every resulting candidate record is retained.

- Final regular runoffs replace first-round regular general results. Special elections are isolated in the special insert.

- The Senate race ledger describes seats contested in each cycle, not the full 100-seat chamber composition.

- District lines changed after the 2020 Census; identical district numbers do not imply identical geography between 2020 and 2022.

- Presidential county-unit data are aggregated to state totals. Maine and Nebraska electoral-vote splits are recorded separately.
