NAVIGATION AND PRINTING

The printed contents links to every office and election cycle. The PDF outline continues through state and individual district or statewide race. Race blocks run continuously instead of forcing one state or contest onto its own page. Every candidate record retained in the archive appears with party, votes, share, and incumbent status when available.

Special-election records remain winner-level when the underlying archive contains no complete candidate tally. A dash means unavailable, not zero. Provisional or uncalled contests are labeled and are not converted into certified outcomes.

Administration Analysis

Donald Trump returned to office after winning the 2024 popular vote and 312 electoral votes, with Republicans holding narrow House and Senate majorities. Eleven completed House special elections through August 2026 retained the prior party. The 2026 midterm section is a live-results snapshot: most races have AP calls, but unresolved contests and a Louisiana runoff prevent this volume from being treated as final.

ELECTION	PRESIDENT	HOUSE AFTER ELECTION	SENATE AFTER ELECTION
2024	Republican	R 220 - D 215	R 53 - D 45 - I 2
2026	Republican	AP called D 252 - R 161 - O 0; 22 unresolved	Current leaders D 54 - R 44 - I/O 2; 2 unresolved

2024 ELECTION ENVIRONMENT

Methodology and Sources

METHOD. Regular contests are grouped by office, cycle, state, and district. Every candidate object in the archive is rendered. Vote and percentage fields are printed only when present. Presidential electoral allocations, special circumstances, certification status, incumbency flags, and prior-cycle comparisons are retained where available. The dense layout removes forced state page breaks but does not remove race data.

KNOWN LIMITS

- The 2026 section is a provisional AP results snapshot current through 2026-11-08T18:38:56.504Z. AP calls are not certifications, and uncalled races are not assigned winners.

- A current leader is retained for every 2026 contest with reported votes, but leaders in uncalled races are excluded from the called-seat totals.

- Louisiana's 5th District is marked for a runoff. The two runoff qualifiers are retained, but neither is treated as the winner.

- Florida's 10th District was called as an uncontested race, but the AP/NPR source published no vote total. The call is retained without an estimated tally.

- The 2026 Senate ledger includes 35 November contests, including special elections held with the general election. It describes seats on the ballot, not the full 100-seat chamber.

- The 2024 section is final. The 2026 section will require replacement after canvasses, recounts, runoffs, and certifications are complete.
