NAVIGATION AND PRINTING

The printed contents links to every office and election cycle. The PDF outline continues through state and individual district or statewide race. Race blocks run continuously instead of forcing one state or contest onto its own page. Every candidate record retained in the archive appears with party, votes, share, and incumbent status when available.

Special-election records remain winner-level when the underlying archive contains no complete candidate tally. A dash means unavailable, not zero. Provisional or uncalled contests are labeled and are not converted into certified outcomes.

U.S. Senate Results

Every archived statewide Senate ballot contest is included. Short-term, full-term, and special general-election ballot lines remain separate when the archive records them separately.

1908 U.S. Senate

OFFICE	RACES	D WON	R WON	OTHER/U	D VOTE	R VOTE	MARGIN	UNDER 5
HOUSE	391	172	219	0	44.74%	50.88%	-6.14 D	64
SENATE	0	0	0	0	-	-	-	0

Taft defeated Bryan 321-162 in the Electoral College; Maryland split its eight electors 2 for Taft and 6 for Bryan. The source ledger records 14,887,613 national votes and a 1,267,648-vote Taft margin. The official 61st House division was R 219 - D 172. The 61st Senate opened R 58 - D 32 with two vacancies.

1910 U.S. Senate

OFFICE	RACES	D WON	R WON	OTHER/U	D VOTE	R VOTE	MARGIN	UNDER 5
HOUSE	391	228	162	1	46.46%	46.67%	-0.21 D	93
SENATE	0	0	0	0	-	-	-	0

The 391-seat regular House election produced a normalized D 228 - R 162 - Socialist 1 ledger. Arizona and New Mexico subsequently elected three first voting members, bringing the official 62nd House to D 230 - R 162 - Progressive Republican 1 - Socialist 1. The 62nd Senate opened R 50 - D 41 with one vacancy.

Methodology and Sources

METHOD. Regular contests are grouped by office, cycle, state, and district. Every candidate object in the archive is rendered. Vote and percentage fields are printed only when present. Presidential electoral allocations, special circumstances, certification status, incumbency flags, and prior-cycle comparisons are retained where available. The dense layout removes forced state page breaks but does not remove race data.

KNOWN LIMITS

- The 1908 election preceded Taft's March 1909 inauguration but is included as the election that created the administration and the 61st Congress.

- The 1912 presidential and congressional election is reserved for the Woodrow Wilson volume to avoid duplicating a full regular cycle.

- Both regular cycles preceded the Seventeenth Amendment. Senators were generally selected by state legislatures, so no direct-popular Senate race ledger is printed; official opening Senate divisions are supplied in the administration-control table.

- The Clerk's continuous election-statistics PDF series begins in 1920. Searchable candidate tables therefore use Elections Archive transcriptions and are checked against official House, Senate, National Archives, and historical congressional-roster controls.

- Some state tables omit unopposed returns. Those contests retain the certified member from the historical congressional roster while unavailable vote totals remain blank rather than being estimated.

- Maine held congressional elections in September 1908 and 1910. Its November 1908 presidential return is retained separately and is not a duplicate.

- The two extremely close 1908 structured rows for California 5 and Nebraska 5 conflict with the certified 61st Congress roster. Hayes and Norris are retained as the certified members, and no numeric victory margin is asserted from those conflicting rows.

- The 1910 regular election filled 391 seats and produced a normalized D 228 - R 162 - Socialist 1 ledger. Arizona's one and New Mexico's two first voting seats were then added through statehood elections, producing the official 62nd House division of D 230 - R 162 - Progressive Republican 1 - Socialist 1.

- Cross-endorsed, fusion, Independent Democratic, Progressive Republican, and Socialist candidates are normalized for chamber-control comparison while their circumstances remain stated on the relevant rows.

- The special-election section is a complete winner register for voting House seats during the scoped administration and does not claim complete candidate vote totals. Of its 25 rows, 22 are vacancy specials and three are statehood elections; four vacancy contests changed party.
